

# Want to be more involved in Amicus-MHNA?

**Amicus-MHNA is setting up a new network of members who can link national and regional issues to members on the front line of care**

## **WHAT ARE LINK MEMBERS?**

The network will mean that each 'link member' will be able to access their regional and national representatives to make sure that local issues affecting them are brought to national attention.

It also means that information can be cascaded to through them to members in their area too.

## **HOW WILL THIS HAPPEN?**

The network will be supported by e-bulletins and the initial aim is to identify at least one link member in each Trust or other employer

## **WHAT CAN I DO?**

Amicus-MHNA also needs to make sure that it takes full advantage of the knowledge and skills of its members to help to respond to major policy and practice issues. You, as a link member, can help by registering your interest as a potential stakeholder in your areas of clinical expertise and professional knowledge and by helping Amicus-MHNA to identify others members in your area or Trust with expertise to share.

## **HOW DO I JOIN THE NETWORK?**

Easy- all you need to do to join the Network is to fill in the boxes overleaf and you're in! Send it to the following address and you will be registered on the network:

**Brian Rogers, MHNA Professional Officer,  
Amicus-MHNA,  
Eden Office Park,  
63 Macrae Road,  
Ham Green,  
Bristol BS20 0DD**

## Please register me as a Link Member on Amicus-MHNA's new network.
